Keeping you informed, keeping you connected.

www.spe.org

Your office has no walls.
Your resources should have no limits.

Our website is dedicated to keeping you informed and keeping you connected.

REMOTE IS NO LONGER REMOVED

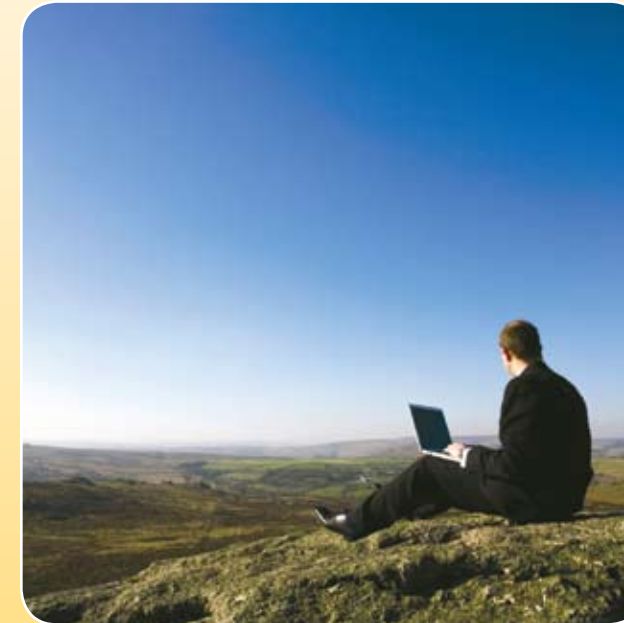

Connect to colleagues and peers—anywhere and everywhere. At SPE.org, we're dedicated to bringing the industry together.

- Create an exclusive network of SPE peers with MySPENetwork
- Communicate directly with technical interests groups
- Share or gain professional career advice through the eMentoring programme

PEER TO PEER ANYWHERE

SPE.org makes it easy to travel anywhere in the world—without ever leaving your resources behind.

- Exchange ideas through specialized technical communities
- Connect to colleagues from all industry disciplines
- Locate peers by skill set and responsibility anywhere in the world

YOUR DESK IS HERE TODAY

We make it easy to work anywhere in the world. We're dedicated to helping you get the technical information you need—wherever your office is.

- Stay informed with multi-language online E&P industry glossary
- Order new SPE-published books
- Access the latest industry news

RESOURCES FOR THE ROAD AHEAD

The E&P industry is evolving, and to stay competitive, so should you. SPE.org offers resources to help you reach the top.

- Enroll in continuing education and short courses
- Read SPE peer-reviewed technical journals
- Apply for SPE Petroleum Engineering Certification
