

2010 International Oil & Gas Conference and Exhibition in China (IOGCEC)
“Opportunities and Challenges in a Volatile Environment”
8-10 June 2010 • Beijing, China

Preliminary Technical Session Grid

Date	Time	Convention Hall 2A	Conference Room 302	Conference Room 305A/B	Conference Room 305C	Conference Room 307	Conference Room 308
Tuesday, 8 June	0900 - 1000 hours	Opening Ceremony and Keynote Session - Convention Hall 1, Level 2					
	1015 - 1215 hours	Executive Plenary Session - Convention Hall 1, Level 2					
	1000 - 1600 hours	Poster Displays - Lobby, Level 3					
	1230 - 1355 hours	Topical Luncheon - Convention Hall 2, Level 2					
	1400 - 1600 hours	Panel Session 1 Meeting Current and Future Energy Challenges - Convention Hall 1, Level 2	Technical Session 1 Management and Information	Technical Session 2 Drilling Bit/Hydraulic	Technical Session 3 HSE	Technical Session 4 Stimulation 1	Technical Session 5 Fluid Flow Mechanism in Reservoirs
	1800 - 2030 hours	Welcome Dinner/Cultural Evening					
Wednesday, 9 June	0830 - 1000 hours		Technical Session 6 Natural Gas - Upstream	Technical Session 7 Drilling Optimisation	Technical Session 8 Cementing	Technical Session 9 Stimulation 2	Technical Session 10 Reservoir Dynamics
	0900 - 1730 hours	Poster Displays - Lobby, Level 3					
	1000 - 1030 hours	Coffee Break - Exhibition Hall 1 & 2, Level 1					
	1030 - 1200 hours	Panel Session 2 Management of Technology and Innovation	Technical Session 11 Natural Gas - Downstream	Technical Session 12 Innovative Technologies in Drilling Operation	Technical Session 13 Production Enhancement and Assurance	Technical Session 14 Wellbore Stability	Technical Session 15 Reservoir Technology
	1200 - 1345 hours	Topical Luncheon - Convention Hall 1, Level 2					
	1400 - 1530 hours		Technical Session 16 Special Focus Area in China	Technical Session 17 Directional Drilling/ERD	Technical Session 18 Surface Facilities and Operations	Technical Session 19 Best of AAPG	Technical Session 20 Well Testing
	1530 - 1600 hours	Coffee Break - Exhibition Hall 1 & 2, Level 1					
1600 - 1730 hours		Technical Session 21 Special Session - CNOOC	Technical Session 22 Others (Title to be determined)	Technical Session 23 Innovative Completion Techniques	Technical Session 24 Heavy Oil – Experience in New Technology	Technical Session 25 Reservoir Studies	
Thursday, 10 June	0830 - 1000 hours		Technical Session 26 Field Development 1	Technical Session 27 New Development in Drilling Tools	Technical Session 28 Sand Control	Technical Session 29 New Simulation Techniques	Technical Session 30 Modelling of Complex Reservoirs
	0830 - 1730 hours	Poster Displays - Lobby, Level 3					
	1000 - 1030 hours	Coffee Break - Exhibition Hall 1 & 2, Level 1					
	1030 - 1200 hours	Panel Session 3 Opportunities and Challenges in Developing Oil & Gas in Asia Pacific	Technical Session 31 Field Development 2	Technical Session 32 Drilling Case History and Best Practices	Technical Session 33 Model Based Technologies	Technical Session 34 Heavy Oil – Stream Injection and SAGD	Technical Session 35 Fractured Reservoirs
	1200 - 1345 hours	Topical Luncheon - Convention Hall 1, Level 2					
	1400 - 1530 hours		Technical Session 36 Unconventional Gas Resources	Technical Session 37 Deepwater: Cutting Technology	Technical Session 38 Drilling Fluids	Technical Session 39 Best of SEG	Technical Session 40 IOR/EOR 1
	1530 - 1600 hours	Coffee Break - Exhibition Hall 1 & 2, Level 1					
1600 - 1730 hours		Technical Session 41 Unconventional – Emerging Resources	Technical Session 42 Well Lifting and Production Logging	Technical Session 43 MPD/UBD	Technical Session 44 Heavy Oil – Case Studies	Technical Session 45 IOR/EOR 2	

	Plenary / Panel Session
	Drilling & Completions
	Production and Operations
	Gas Matters
	Management & Information, HSE
	Reservoirs Session
	Unconventional Oil & Gas
	Others
