

2006 JPT EDITORIAL CALENDAR

- JANUARY
- Mature Field Revitalization
 - EOR/IOR
 - Well Intervention and Control

- FEBRUARY
- Drilling and Cementing Technology **NEW TOPIC**
 - Offshore Facilities: Construction and Design
 - Well Testing

* IADC/SPE Drilling Conference, Miami, 21–23 February

- MARCH
- Hydraulic Fracturing
 - Production Operations
 - High-Pressure/High-Temperature Challenges

* International HSE Conference, Abu Dhabi, 2–4 April

- APRIL
- Offshore Drilling and Completion
 - Natural Gas Technology/Monetization
 - Heavy Oil **NEW MONTH**

* AAPG Annual Meeting, Houston, 9–12 April

* OTC, Houston, 1–4 May

- MAY
- Formation Evaluation (Tools and Petrophysics)
 - Artificial Lift
 - Wellbore Tubulars

- JUNE
- Deepwater Exploration and Production
 - Reservoir Simulation and Visualization **NEW MONTH**
 - Coiled Tubing Applications

* Global Petroleum Show, Calgary, 13–15 June

- JULY
- Well Stimulation
 - Multilateral/Extended Reach
 - Health, Safety, and Environment

- AUGUST
- Intelligent Fields Technology **NEW TOPIC**
 - Subsea Technology **NEW TOPIC**
 - Unconventional Recovery **NEW TOPIC**

- SEPTEMBER**
- Completions Today
 - Reservoir Performance and Monitoring
 - Wellbore Integrity, Sand Management, and Frac Pack

* SPE Annual Meeting, San Antonio, 24–27 September

* SEG Annual Meeting, New Orleans, 1–6 October

* SPE Russian Oil and Gas Technical Conference and Exhibition, Moscow, 3–6 October

- OCTOBER
- Field Development Projects
 - Tight Reservoirs
 - Knowledge Management

- NOVEMBER
- Horizontal and Complex-Trajectory Wells
 - Drilling and Completion Fluids
 - Gas Production Technology

* IADC/SPE Asia Pacific Drilling Technology Conference, Bangkok, 13–15 November

- DECEMBER
- Production/Facilities
 - Reserves/Asset Management
 - Bit Technology

* China Oil and Gas Conference and Exhibition, Beijing, 5–7 December

* BONUS DISTRIBUTION

Authoritative Editorial Content

JPT has access to SPE's extensive library of conference papers presenting the best of cutting-edge technology and practical solutions for today's industry. JPT's 36-member Editorial Board, along with JPT's editorial staff, constantly review the hundreds of technical articles written for SPE conferences, forums, and workshops and choose the best of the best for publication in the magazine, ensuring JPT's reputation as the most credible source for E&P information.

JPT's other dynamic content includes:

- **Technology Update**
Reports on the latest technology breakthroughs.
- **Technology Applications**
Information on the latest products and tools.
- **Case Studies**
In-depth looks at how operators and service companies are applying technology in the field.
- **Guest Editorial**
Insight and opinion from petroleum professionals around the world.
- **Q&A**
Interviews with key executives in the global oil and gas industry.
- **Management**
Trends and best practices in running organizations.
