

MEETINGS

Save money by taking advantage of advance registration opportunities. Find complete listings of upcoming SPE conferences, workshops, and forums at www.spe.org.

WORKSHOPS

- 20–22 April • Dubai, UAE • **E&P Human Capital Management: A Certain Business in Uncertain Times**
- 27–29 April • Abu Dhabi, UAE • **Drilling Execution and Optimisation of MRC and ER Wells in Challenging Environments**
- 27–30 April • Ahmedabad, India
• **EOR: To Be or Not To Be**
- 28–30 April • Cape Town, South Africa • **Petroleum Reserves Estimation: Sharing the Vision**
- 12–14 May • Cairo, Egypt • **IOR Petrophysics, What Do We Have? What Do We Need?**
- 13–14 May • Port of Spain, Trinidad • **Natural Gas—Development in a Sustainable Manner**
- 19–20 May • San Antonio, Texas, USA • **Delivering and Using Emerging Technology to Make Money in E&P**
- 19–21 May • Scheveningen, The Netherlands
• **Corrosion Management: Are We Doing the Best We Can?**
- 24–27 May • Kota Kinabalu, Sabah, Malaysia
• **Reservoir Testing For Maximising Understanding and Recovery**
- 26–27 May • Doha, Qatar • **Information Management: Demonstrating the Value**
- 1–4 June • Alexandria, Egypt • **Artificial Lift Intelligence for Production Optimization**
- 1–4 June • Edinburgh, UK • **Integrated Water Management: From Planning to Operations**
- 7–10 June • Sharm el-Sheikh, Egypt • **Nanotechnology: Exploring Practical Solutions for 21st Century Upstream E&P Challenges**
- 15–17 June • Austin, Texas, USA • **Performance and Design of Seawater Injectors Requiring Sand Control**
- 22–25 June • Barcelona, Spain • **Scale Applied Technology Workshop**

CALL FOR PAPERS

International Conference on Health, Safety, and Environment in Oil and Gas Exploration and Production • Rio de Janeiro, Brazil
Deadline: 18 May

CONFERENCES

- 4–8 April • Oklahoma City, Oklahoma, USA
• **SPE Production and Operations Symposium**
- 7–8 April • Houston, Texas, USA • **Digital Energy Conference & Exhibition**
- 14–16 April • Denver, Colorado, USA • **SPE Rocky Mountain Petroleum Technology Conference**
- 20–22 April • The Woodlands, Texas, USA
• **SPE International Symposium on Oilfield Chemistry**
- 4–7 May • Houston, Texas, USA • **Offshore Technology Conference**
- 27–29 May • Scheveningen, The Netherlands
• **8th European Formation Damage Conference**
- 31 May–3 June • Cartagena, Colombia • **Latin American and Caribbean Petroleum Engineering Conference**

FORUM SERIES

- 19–24 April • Kota Kinabalu, Sabah, Malaysia
• **Overcoming Barriers to Deliver ERD Wells Beyond 15 km**
- 17–22 May • Hammamet, Tunisia
• **The Heavy Oil Challenge: Completion Design and Production Management**
- 31 May–5 June • Colorado Springs, Colorado, USA
• **Artificial Intelligence in the E&P Industry: Exploring Opportunities for Better Decision Making**
- 31 May–5 June • Colorado Springs, Colorado, USA
• **Maximizing Oil Recovery in the 21st Century**
- 16–21 August • Kananaskis, Alberta, Canada
• **The Future of Stimulation in Tight Gas and Gas Shale**

One instrument is all you need.

- Interface
- Total level
- 5 Temperature points
- Multi-Modbus communications protocol

There's no longer a need to purchase and maintain multiple instruments to give you the precise temperature readouts of the oil/condensate, water and average temperature, the exact interface level and the total level within the tank. The DM231 will handle it all!

The DM231 employs easy to use, proven magnetostrictive technology and comes with our new Multi-Modbus (patent pending) communications protocol, which supports RTU and ASCII Modbus.

Features:

- Calibration-free
- Explosionproof for Class 1, Div 1 - Zone 1 without barriers
- Easy to install

To learn more, please call: 800-553-9092 or find us at: www.drexelbrook.com

...100 Years Later

The best is still to come

We've been on the cutting edge of drilling innovation and engineering excellence for 100 years. You won't believe what the next century has in store.
