

Don't Miss the 2008 IADC/SPE ASIA PACIFIC DRILLING TECHNOLOGY CONFERENCE
“Drilling Technology to Address Future Energy Demand and Environmental Challenges”
25-27 August 2008 • Shangri-La Hotel, Jakarta, Indonesia

CONFERENCE HIGHLIGHTS

The IADC/SPE Asia Pacific Drilling Technology Conference returns to the Shangri-La Hotel in Jakarta on 25-27 August 2008, to bring together worldwide experts in drilling, completions, workovers, and many more related fields. With the world's continued need for more available energy, developing new and immediately applicable drilling technology has never been greater. The conference and its exhibition will display and exchange information about advances in drilling, completions, interventions, rigs, tools, and more. Delegates will discuss the challenges of accessing and developing existing and future resources, while coping with rising costs of materials and services, and all in the face of operational pressures, growing demand, and environmental impact challenges.

OPENING CEREMONY

Monday, 25 August • 0900-1000 hours

H.E. Dr. Purnomo Yusgiantoro, Minister of Energy and Mineral Resources, Indonesia; **Dr. Bagus Sudaryanto**, Conference Chairman and Vice-President, PT PERTAMINA EP Region Jawa; **Fauzi Imron**, SPE Director, Southern Asia Pacific Region; and **Dr. Lee Hunt**, IADC President; will officiate the Opening of the Conference and Exhibition with Welcoming and Keynote Addresses.

KEYNOTE SESSION

Monday, 25 August • 1030-1230 hours

- **R. Priyono**, Chairman, BPMIGAS
- **Zuhair Al-Hussain**, Executive Director, Drilling and Workover, Saudi Aramco
- **Hertriono Kartowisastro**, Managing Director/President, Apexindo Pratama Duta Tbk
- **Tor Fjaeran**, President Director, StatoilHydro Indonesia
- **Imran Kizilbash**, President, Schlumberger Reservoir Characterisation

TOPICAL LUNCHEON

Monday, 25 August • 1230-1400 hours

- **Peter Gaffney**, Gaffney, Cline & Associates

Tuesday, 26 August • 1230-1400 hours

- **Karen Agustiawan**, Corporate Senior Vice President Upstream, PT PERTAMINA (Persero)

TECHNICAL SESSIONS

Over 90 papers in 16 technical sessions and 1 poster session. Sessions include: Advanced Drilling Technology; Bits; Case Histories I & II; Completion & Workover; Directional Drilling I & II; Drilling & Completion Fluids; Drilling Problems & Solutions; Equipment and Rigs; Geomechanics and Wellbore Stability; Health, Safety and Environment; Procurement and Management; Special Drilling Operations; Tubulars; Well Intervention; and Zonal Isolation.

EXHIBITORS

American Augers; Cudd Well Control; Derrick Equipment Company; GE Energy, Oilfield Technology; GeoMechanics International, Inc.; Grant Prideco; IDM Group.; Premier Oilfield Rentals Ltd.; Redback Drilling Tools; ReedHycalog; Schlumberger; SPT Group; T H Hill Associates; VAM Drilling; Welltec Oilfield Services Pty. Ltd.; Western Well Tool; and Wild Well Control.

SPONSORS

Cabot Specialty Fluids; Cudd Well Control; Gaffney, Cline and Associates; Grant Prideco / ReedHycalog; IDM Group; Marathon International Petroleum Indonesia, PT. APEXINDO Pratama Duta; PT. Bormindo Nusantara, PT. PERTAMINA; Saudi Aramco, Schlumberger.

SHORT COURSE

A 1-day short course on “Coiled Tubing and Its Applications” taught by Lance Portman of BJ Services, will precede the conference on Sunday, 24 August 2008.

REGISTRATION

Registration deadline is 4 August 2008.. Delegates may also register on-site during the conference registration hours. There is still an opportunity to sponsor or exhibit at the conference. For further information regarding participation as a sponsor, exhibitor, or delegate, please contact Mr. Jean-Paul Valdes, SPE Event Manager, Society of Petroleum Engineers, Asia Pacific Office (Kuala Lumpur); Tel: 60.3.2282.1233; Fax: 60.3.2282.1220; E-mail: jvaldes@spe.org.
