HYDRAULIC FRACTURING

Technology Conference **2007**

29–31 January 2007 □ College Station, Texas, USA

Exhibitor Prospectus

The Conference

As the oil and gas industry continues to develop lower quality reservoirs, the use of hydraulic fracturing will become more important in all petroleum provinces.

Responding to this growing interest and need, SPE has organized the first-ever Hydraulic Fracturing Technology Conference (HFTC 2007) to cover virtually every area of current fracturing technology. It will be held on 29–31 January 2007 at the Presidential Conference Center in College Station, Texas, USA.

Using lessons learned from fracture stimulated wells, HFTC 2007 presents current and proven technology in hydraulic fracturing with an emphasis on how this technology can be applied on a global scale.

Panel sessions, technical papers and table top displays provide attendees with the best practices available, making it the premiere global conference on hydraulic fracturing.

Don't miss out on this opportunity to showcase your products and services to industry leaders at this new, exciting event!

Why exhibit?

- Meet face-to-face with your clients
- Reach decision makers, interact with technology specialists and fracturing experts
- Showcase your company's expertise
- Introduce new technology to a knowledgeable audience
- Acquire valuable new contacts

What will I receive?

- One (1) 6-ft. skirted table and two (2) chairs
- Two (2) complimentary Conference Registrations, which include admittance to:
 - Technical Sessions
 - Monday Night Welcome Reception and Museum Tour
 - Monday and Tuesday Lunch
- Company listing in the Conference Preview and on-site Program (if contract received by printing deadlines)
- Electronic mailing list of all attendees provided after the conference
- Unique advertising and promotion opportunities to help increase your company's exposure

How do I exhibit?

- Review the exhibit information carefully.
- Complete and return the Application/Contract for Exhibit Space with full payment.

Space is assigned on a first-come, first-serve basis.

Maximize Your Exposure

HFTC 2007 offers a variety of unique opportunities to increase your visibility and maximize your exposure. From corporate level to special event sponsorships, we can offer you a customized program to meet your company's marketing objectives.
