

PetroBowl® Regional Qualifier Regions

Each PetroBowl® Regional Qualifier is determined by the SPE Regional Directors who are responsible for the SPE Student Chapters in the regions shown here. The Regional Directors (or dedicated workgroup) will determine the most suitable date and location for their contests. They will also determine the most appropriate method of hosting their contests to meet the resources and time available to them. This may impact the rules and regulations of each regional contest. Because of this teams will not be seeded or compared to each other prior to the Championship games. Once details on regional qualifiers are confirmed you can find them on the [Regional Qualifiers Webpage](#).
