# APOGCE

Asia Pacific Oil & Gas Conference and Exhibition

23 – 25 October 2018 | Brisbane, Australia

## Challenge the Conventional

**CALL FOR  
PAPERS**  
**NOW OPEN**

### TECHNICAL CATEGORIES

Visit [www.spe.org/go/18APOG](http://www.spe.org/go/18APOG) for more detailed information on technical categories

1. Business Management
2. Completion & Production
3. Deepwater & Subsea
4. Drilling (Well Construction)
5. Facilities and Operations
6. Gas Supply
7. Gas Technology
8. HSE and Society
9. Human Resources
10. IOE/EOR/EGR
11. Knowledge Management
12. Oil & Gas Project Case Study
13. Onshore/Offshore Support
14. Reservoir Characterisation
15. Simulation, Artificial Intelligence & Modelling
16. Surface and Sub-surface Integration and Optimisation
17. Unconventional Resources

**SUBMIT YOUR PAPER PROPOSAL TODAY**

Visit [www.spe.org/go/18APOG](http://www.spe.org/go/18APOG) and submit your proposal by **15 January 2018**

## WELCOME FROM CONFERENCE CHAIRMAN AND TECHNICAL PROGRAMME CHAIRMAN

Dear Colleagues,

We are delighted to announce the 2018 SPE Asia Pacific Oil & Gas Conference and Exhibition (APOGCE) will be held 23-25 October 2018 in Brisbane, Queensland, Australia.

As our industry adapts to a new status quo operating under sustained low oil prices, we are also having to adjust to public pressure to provide affordable energy in a low carbon world. Given these often contradicting challenges, we believe our conference theme *Challenge the Conventional* provides opportunities to showcase our accomplishments, identify areas we can strive to improve, and enable collaboration and knowledge sharing amongst participants.

We have lined up a high quality set of keynote and panel sessions that address a wide range of topics to Challenge the Conventional. These include senior industry leaders, experienced regulators and prominent academics. We have also scheduled a diverse set of technical sessions to share experience on how to remain successful in today's low margin business climate, while taking into account society's expectations. Please help us in making this an exciting technical programme by submitting paper proposals highlighting your learning's and insights of "Challenging the Conventional". We would appreciate your submission of paper proposals by 15 January 2018.

In conjunction with the comprehensive technical programme and showcase, APOGCE 2018 will also feature exciting activities and programmes organised to inspire the younger generation and broaden their knowledge of the energy industry such as the Young Professionals Workshop, the Regional Student Paper Contest, Education Day and Teachers' Day.

Thank you in advance for your participation. With the support of our industry colleagues, we believe that the conference will be a successful and significant event. On behalf of the 2018 APOGCE Organising Committees, we look forward to welcoming you at APOGCE in Brisbane.

Regards,

Wendy King  
Conference Chairperson  
President – Australia East  
**ConocoPhillips**

Chris Mijnsen  
Technical Programme Chairperson  
Group Manager – Exploration and Appraisal  
**Origin Energy**

## GENERAL GUIDELINES

1. Obtain necessary clearance from your management.
2. The paper proposal must be a minimum of 225 words and no more than 450 words in length, and should include the following:
  - i.Objectives/Scope
  - ii.Methods, Procedures, Process
  - iii.Results, Observations, and Conclusions
  - iv. Novel/Additive Information
3. The paper proposal must be received by **15 January 2018**
4. Do not include title or author names in the body of the paper proposal. Title and author information will be requested separately through the submission system.
5. If accepted, your paper proposal may be published, as submitted, in conference information media, including the SPE website.
6. Authors whose paper proposals are accepted will be required to provide a manuscript for inclusion in the conference proceedings. Authors who do not submit a manuscript and the associated publication forms by the manuscript due date will be withdrawn from the programme and will not be allowed to present. Manuscripts will be due at SPE no later than **17 August 2018**.
7. SPE assumes no obligation for authors' expenses for travel, lodging, food or other incidental expenses incurred for their participation of the event.
8. **Changes, Cancellations, and Withdrawals:** SPE and the Programme Committee consider an accepted proposal as a commitment to present. If extenuating circumstances prevent the author from making the presentation, it is that author's obligation to find an alternate presenter and notify their SPE Programme Lead and their session chair(s) (if applicable). Withdrawal must be made in writing to the SPE office as soon as possible. Under no circumstances can a submitted paper proposal be cancelled, once has been submitted. Cancellations, particularly after a paper has been accepted and publicised, are viewed by the Programme Committee as highly unprofessional.
9. **SPE Conference Dual-Submission Policy:** Authors will be allowed to submit proposals to only one conference at a time. A proposal must be declined by a programme committee prior to being submitted to another conference for

- consideration. In the event it is detected that a proposal has been submitted to more than one conference, all versions/ copies of that proposal will be removed from consideration. Any paper previously presented at a conference and published in OnePetro may not be resubmitted for publication at another SPE conference. The author may present the subject matter at subsequent more than one conference, all versions/ copies of that proposal will be removed from consideration. Any paper previously presented at a conference and published in OnePetro may not be resubmitted for publication at another SPE conference. The author may present the subject matter at subsequent conferences at the invitation of the programme committee, but the paper will not be included in the conference proceedings.
10. **No Presentation Policy:** The failure of SPE conference authors to have at least one designated individual present the paper at the conference will result in the conference paper being permanently withdrawn from the technical paper archive in OnePetro.
  11. **A Word about Commercialism:** SPE has a stated policy against use of commercial trade names, company logos, or text that is commercial in tone in the paper title, text, or slides. Use of such terms will result in careful scrutiny by the Programme Committee in evaluating paper proposals and the presence of commercialism in the paper will result in it being withdrawn from the programme.
  12. **Copyright:** All authors of papers presented at the conference will be required to complete and submit a copyright release form to SPE or submit the copyright exemption form where applicable.
  13. **To all Authors:** An agreement to present a paper at this SPE conference carries an obligation to participate in the event.
