Exhibitors are urged to assess labor requirements prior to installation; to do so use the Labor Order Form provided in the Freeman Booth Services & Furnishings section.

- **Exhibitors are responsible for ensuring that their EAC's submit all required documents including certificate of insurance, no later than 26 DECEMBER.**

Exhibitor-Appointed Contractor Responsibilities

Upon receipt of the Work Authorization Notification Form, SPE will provide each EAC with a packet of important information regarding the EAC Program. Each EAC must complete and return all information **no later than 26 DECEMBER**. No exceptions will be authorized.
- Exhibitor or its EAC is encouraged to remain with their freight during move-out until it is removed from the exhibit hall by the official freight contractor. Show Management is not responsible for loss of unattended freight. Additional security may be hired at Exhibitor's expense.
- Each EAC (not exhibiting companies) must submit certificates of insurance for Commercial General Liability Insurance, Business Automobile Liability Insurance and Worker's Compensation Insurance.

- Each EAC must complete and submit a Badge Request Form naming key on-site staff who will require access to the exhibition floor during show days, no later than **26 DECEMBER**.
 - SPE will prepare a name badge for said key on-site personnel, which will be available for pick-up at the EAC Check-in Service Desk. The EAC badge allows the same access as an exhibitor badge. EAC's are **NOT** authorized to have Exhibitor badges.
 - All other EAC personnel not requiring access to the exhibition floor during show days must wear a wristband provided by SPE, which allows access only during installation and dismantling. A photo ID is required to obtain a wristband.

Failure to meet specified EAC Program criteria will jeopardize the EAC's ability to obtain work authorization from SPE now and in the future.

Rules and Regulations Governing Exhibitor-Appointed Contractors

- EAC's will be denied access to the exhibit floor without current proof of insurance coverage in all of the above mentioned categories.
- Any EAC found working on the show floor without SPE Management authorization will be escorted from the premises and not allowed back on the exhibit floor.
- EAC's will refrain from placing an undue burden on the Official Contractors, especially by not interfering in any way with the Official Contractor's work.
- EAC's will **NOT** solicit business prior to, during or post SPE whereby solicitation mentions SPE or contains the utilization of the SPE logo or artwork in any form or fashion. This action is strictly prohibited.
- EAC's will not set up tables on the exhibit floor other than in the space of a client on whose booth they are working. Solicitation from the show floor is prohibited.
- EAC's will cooperate fully with Show Management and the Official/Exclusive Contractors and will comply with existing union rules and regulations as outlined in the Exhibitor Services Manual.
- Cameras or photography are prohibited on the exhibit floor without permission from Show Management. With approval, EAC's may photograph only the booth(s) with which they have contractual arrangements.
- While aisle carpeting is being installed, jockey boxes, ladders and the EAC's equipment must be removed completely from the show floor, be placed inside the booth being installed, or removed from the exhibit hall.
- EAC's are **NOT** allowed in the exhibit area during installation and dismantling without either an SPE-issued wristband or official SPE conference badge. SPE wristbands and official SPE conference badges are non-transferable and must be worn at all times. SPE wristbands are not valid during show days.

- EAC's are **NOT** authorized to have SPE Exhibitor badges.

SPE Show Management's Discretionary Rights

SPE Show Management reserves the right, at its sole discretion, to withhold approval or to dismiss from the event, any service contractor whose participation in the event may, in the opinion of SPE, lead to strikes, picketing, or other labor action directed at the event, or other disruptions of the event, or other reasonable interference with or inconvenience to the event or any exhibitors.

Failure to meet any one of the above steps could jeopardize the Exhibitor-Appointed Contractor's ability to obtain work authorization.

PLEASE NOTE: An exhibitor may utilize all or a combination of any of these three sources - exhibiting company personnel, Freeman, or Exhibitor Appointed Contractor (EAC) - for exhibit installation and dismantling; however, only authorized personnel will be granted access to the exhibition area.
