

## **ATTENTION: ALL 2019 CTWI Exhibitors**

### **2019 NO GROWTH EXHIBIT SPACE RESTRICTION**

Due to the demand for exhibit space at CTWI a business decision was made to continue restrictions on exhibit space. SPE continues to review exhibit options while keeping the primary focus on what is best for CTWI overall and its participants.

Please be advised of the following restriction that will be in effect for 2019:

- Exhibiting companies will be restricted to their current square footage (space they had in 2018).
- New companies will be restricted to 100 square feet.
- In order to maintain the integrity of the CTWI Space Assignment Process, these restrictions will be uniformly enforced to all exhibitors with no exceptions permitted. Should the restrictions be lifted we will notify exhibiting companies

***SPE/ICoTA appreciates your ongoing support of this premier event.  
We look forward to working with you on another successful CTWI in 2019!***
