

# Society of Petroleum Engineers

Calgary • Dallas • Dubai • Houston • Kuala Lumpur • London • Moscow  
www.spe.org

Released 6 March. Latest update 13 March.

## **ANNOUNCEMENT**

Due to ongoing global public health concerns of the Coronavirus Disease 2019 COVID-19 and following extensive consultation with our key partners and stakeholders, [LACPEC](#) and the [International Conference on HSE and Sustainability](#) have been rescheduled to 28-30 July 2020, at the Ágora Bogotá Convention Center. The Hilton Bogotá Corferias will continue to be our hotel headquarters.

SPE is committed to delivering rich technical programs with participants from around the globe.

### **Important Details About Your Hotel Reservation**

If you made a reservation at the Hilton Bogotá Corferias, please take action now regardless of your plans for these conferences:

1. You can cancel your reservation by visiting the hotel website or sending an email to [corferias.reservations@hilton.com](mailto:corferias.reservations@hilton.com).
2. You can transfer your reservation to the new dates by sending an email to [corferias.reservations@hilton.com](mailto:corferias.reservations@hilton.com).

The hotel cannot cancel or move your reservation without notification on what action you want to take. The hotel needs your response **at least 72 hours prior to your original arrival date**, to avoid penalties. If no action is taken, you will be charged in full for your stay.

If you decide to cancel now, a new link will be soon available for new reservations in July. Please continue to visit the [LACPEC](#) and the [International Conference on HSE and Sustainability](#) Travel and Accommodations pages for updates.

### **Important Details About Your Registration**

Attendees registration will be automatically transferred to the new dates in July. If you are not able to attend, we have two registration options to meet your needs:

1. You may transfer your registration to another person on your team/at your company.
2. You may receive a refund.
