

**SPE/IATMI ASIA PACIFIC OIL & GAS CONFERENCE AND EXHIBITION  
12- 14 October 2021 • Virtual**

SKK Migas is proud to be the Official Supporter of the virtual SPE/IATMI Asia Pacific Oil & Gas Conference and Exhibition (APOGCE) 2021. As the Chairman of SKK Migas, I am pleased to invite you and your organisation to participate in this important multidisciplinary event to be held virtually from 12 - 14 October 2021.

APOGCE is the regional flagship event for the SPE (Society of Petroleum Engineers) and IATMI (Society of Indonesian Petroleum Engineers), its presence and history in Indonesia and the region has cemented its status as one of the foremost energy industry event in Asia Pacific that brings together energy companies and technical professionals for information exchange and technology transfer.

As the industry weathers through a myriad of unprecedented challenges, uncertainties and emerging trends, APOGCE 2021 with the theme “Navigating into the New Horizon through Resilience, Collaboration and Technical Excellence”, will explore industry transformation and new sustainable practices, which will be at the forefront of the energy industry for the foreseeable future.

SKK Migas looks forward to the technical and business exchange that will take place at APOGCE as regional and international industry leaders and professionals come together to examine the critical issues faced by the industry today. We surely hope that the discussion will enrich Indonesia’s upstream oil and gas strategy to reach 1 million BOPD, 12 BSCFD gas by 2030. We trust that you and your organisation will fully support this event and leverage this opportunity to participate as a sponsor, exhibitor and attendees at APOGCE 2021.

Best regards,

**Dwi Soetjpto**  
Chairman  
SKK Migas
