

SPE Young Professional Congress 6-13 November 2021

www.spe.org/en/events

Sponsorship and Advertising Opportunities

About the Event

This event brings together various international groups within SPE to host over a week of innovation, collaboration, and networking. All with a focus on supporting the future of the industry and those who will make that future possible.

The event will consist of an “Ideathon” encouraging teams of YPs from around the world to work on the biggest challenges facing the industry. Teams will have a week to collaborate and showcase their ideas. During that week we will also host a series of webinars and training sessions to explore key topics, share best practices, and give essential skills.

Why Exhibit

Being one of our exhibitors instantly puts you on a platform that shows your company as one of the leading companies supporting the next generation of engineers across the world. SPEs membership includes over 156,000 members from 154 countries, and a growing percentage are young professionals.

The industry is in need of people who show commitment, ingenuity, and collaborative skills. This congress supports and nurtures people who meet these criteria, and shows your company as a supporter of this too.

- Show your company as a supporter of the next generation of engineers
- No logistic, travel or printing costs required
- Connect with proactive and innovative young professionals
- Showcase new opportunities and projects you are developing
- Raise global brand awareness

Sponsorship Features

- Global exposure showing your support of young people in the industry at the forefront of sustainability issues.
- Speaking opportunities
- Company branding on event webpages hosted by SPE International
- Connect with the most active young professionals in the industry
- Be at the forefront of innovation in the industry

Participating Groups

Organizing Partners

Supported By:

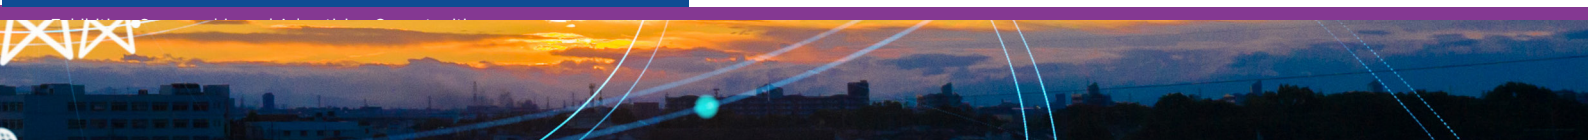

“

The industry should not lose sight that there are long term issues for our industry, that we all have to tackle.

”

Kamel Ben-Naceur
2022 SPE President

Become an Exhibitor

We are offering a limited number of sponsorship opportunities so that companies can showcase your new projects, show support for the future of the industry, and connect with a global audience of future industry leaders. For any questions on packages and what is on offer please contact yp@spe.org

Standard Package: USD 2,000

- Company logo and hyperlinks on SPE event webpage for event
- Company logo and branding incorporated into marketing for the Congress
- Thanks given during all sessions throughout the week
- Speaking opportunities during panel sessions
- Welcome and closing remarks opportunities for company representatives

Exclusive Sponsor Package: USD 10,000

- All features as shown in the standard package
- Exclusivity package ensures no further sponsorship opportunities will be sought and your company will be the sole supporter of this event. This package will no longer be available if other sponsors are confirmed.
- Company representative to announce the winner of the congress Ideathon.

Society of Petroleum Engineers

About the Society of Petroleum Engineers

The Society of Petroleum Engineers (SPE) is a not-for-profit professional association whose more than 153,000 members in 143 countries are engaged in oil and gas exploration and production. SPE is a key resource for technical knowledge providing publications, events, training courses, and online resources at www.spe.org

About Young Member Programs

The Career Pathways Fair is one of many Young Member Programs that are designed to support, educate, and promote our Student and Young Professional Members. Global programs are managed by the SPE international standing committee, the Young Member Engagement Committee (YMEC). For more information on YMPs and how to get involved visit our webpages: www.spe.org/en/students or www.spe.org/en/members/young-professionals
