The Technology Showcase is an opportunity for operators, service companies, and consultants to showcase their technologies to a unique focused group of key decision makers in the oil and gas community. The Showcase is a designated area set up in the networking area of the conference. While SPE/CHOA prohibits any type of commercialism within the meeting room itself, we recognize that our networking breaks (breakfast, coffee, lunch, and reception) offer a more informal atmosphere in which technology can be showcased and discussed.
