

SPE Technical Report Proposal Form

Complete the form below to propose development of a Technical Report. Submit to techreports@spe.org

Topic: _____

Description:

Questions for Board Consideration:

1. Why is a Technical Report needed? How will it be useful to the industry?

2. In what way is this topic controversial?

3. In what region(s) of the world are the issues related to this topic most critical? Are there other regions where the Technical Report would be applicable?

4. What are the key technical issues requiring solutions?

5. What are the implications of not producing a Technical Report on this topic?

6. Are any other organizations developing a publication on this topic?

Yes No

a. If yes, why should SPE initiate its own publication?

b. Is coordination with another organization(s) needed? If so, how will it be accomplished?

7. Are volunteer resources available to work on developing this Technical Report? Is a willing Chairman identified? If so, please name. Also list others willing to participate.

8. How urgent is this issue? What is the time frame for developing a Technical Report?

9. Please provide any other information that is pertinent to the proposal.
